

2024-2025 Advertising and Sponsorship

Since 2002 TTCC has been successful in achieving the founding goal “to provide quality choral performances at a modest price,” and we continue our mission to provide a performance outlet for our members and to build, nurture, and promote a strong choral musical arts program within the community. The TTCC leadership team, lead by artistic director Brittney May, believe now, as we approach 25 years as an organization, is the time for TTCC to grow and serve the community with intention that celebrates the diversity and richness of not just our community, but the world.

Please support our efforts to provide cultural impact within our community with one of these advertising or sponsorship opportunities.
